LinkAmerica Announces New Vice President of Human Resources

TULSA, OK (January 18, 2012)- LinkAmerica Corporation, a regional asset based transportation and logistics services provider, today announced the appointment of Leslie Sisk as its new Vice President of Human Resources.

Ms. Sisk joins LinkAmerica in this senior management role with over fifteen years of human resources experience with leading privately held companies that include Lhoist North America, Inc., Mother Parker's Tea & Coffee, Virbac, and Morven Nut and Snacks. She will be responsible for leading organizational development, employee benefits, and developing policies and procedures. "Hiring and retaining talented people through development of organization and customer focused programs will result in a best-in-class service provider," said Sisk.

"Leslie's addition to the LinkAmerica management team demonstrates our strong commitment to our people. The appointment of Leslie and other key members of the executive team positions the organization to meet our significant growth plans," said John Simone, president and CEO of LinkAmerica. "People are a core value at LinkAmerica and a top priority as our business expands. The initiatives that we have underway will ensure that we have talented people for our organization to meet and exceed our customers' expectations for their transportation and logistics needs."

About LinkAmerica Corporation

Headquartered in Tulsa, Oklahoma, LinkAmerica is a transportation and logistics provider offering solutions delivered through four divisions: 53' Super Southwest & Super Southeast Regions, LinkAmerica 57, Teams, and Logistics Services. LinkAmerica retains a "blue-chip" customer base and operates primarily in the southwest, south-central and southeastern United States.
